What are the grounds for changing that Pay of Officers & Establishment may be affected
24/4

recpt A II

Please see S.N. 32. The Government of India considere it essential to make a further reduction of at least 10 per cent in the total sanctioned grants for 1931-32. Each major head consists of the following sub-heads:-

(1) Pay of Officers.

(2) Pay of Establishment.

(3) Allowances, Honoraria etc.

(4) Supplies and Services.

(5) Contingencies.

(6) Works. etc

The Government of India already effected a cut of ten per

per cent in the provision for 1931-32 under the sub-heads (Item 4)"Supplies and Services" and (Item 5) "Contingencies". A further reduction of 10% in the total sanctioned grants should now be made. This means that the Collector should make at least 10% reduction under each of the heads ---- referred to above in order to arrive at 10% reduction in the total sanctioned grants. If however the Collector is able to make up a 10% reduction on the total grant by reducing the grants under heads other than "Pay of ------- Officers" and "Pay of Establishment", he may do so. But the Government of India have not definitely excluded the sub-heads "Pay of Officers" and "Pay of Establishment" from the operation of 10% cut.

In this connection it may be noted that the Secretary of State for India only has power to reduce the pay of Imperial Service Officers.

Submitted for orders as to whether the draft already submitted may now issue.

Issue 27/4

Issued No. 3075,
dated the 27th April,
1931.

We are already effected a 10 % cut ~~xxxxxx~~ under the ---- heads supplies and contingencies and have been asked to suggest proposals for a further 10 % cut but not under any specific head. With regard to the last we are consulting local officers and of them Collector wanted to know if the sub heads" Pay of Officers" and "pay of Establishments" would be affected, presuming they would not.

I talked the matter over with him and we agreed to say nothing about Pay of Officers, very naturally I think. Such an iniquitous suggestion cannot be expected to come from the officers themselves.

As regards "Establishment" we agreed that suggestions should be confined to any cases where a post was at

the moment vacant - when the question of not filling it at all might with propriety be considered.

Above is for your information. As soon as replies are received from our various officers a draft ~~xxxx~~ reply to G. of I. will be sent for approval.

Resident. 27/4

2nd

When the recent increase was made to Income Tax by Assembly, Govt said they had considered cutting pay of officers but decided increase of tax was fairer method. They further point out that in Secy drawing £4000 (therefore, also a Resident!) would have to pay £250 more. Any cut of salaries on top of this would be a scandal.

The

The Pay and Accounts Officer, Bangalore has not suggested any reduction under "Treasury Establishment". For reasons already stated in the Resident's letters No.9500 dated the 11th December, 1930 and No. 533 dated the 26th January, 1931 to the Government of India, it appears that we cannot make any reduction in the existing establishment. If any permanent vacancy occurs it will not be filled up. It is for orders whether any reduction may be made under Pay of Establishment.

B.3. Allowances, Honoraria etc. 22,900

Under this head the following amount has been provided.-

(a) Cost of passages granted under the Superior Civil Service Rules 1924.	1,100
(b) Travelling allowance.	15,800
(c) Sumptuary allowance.	6,000
	22,900

No reduction can be made under (a) and (c). The amount provided under (b) will be required to meet the travelling allowance of the Resident, Secretary, Assistant Secretary and office establishment for their journeys in Mysore and Coorg.

B.4- Supplies and Services. 16,400
and
B.7- Contingencies. 18,800

No further reduction is possible under these heads.

F. Entertainment charges.

Mysore. 700

The amount is intended to meet the charges for firing salutes. No reduction can be made under this head

S.N.44648 P.W.& I to VI

Memorandum No. P.195.P/Bud.339, P.B.308 P/Bud.158, P/Bud.203, dated 27th, 28th & 24th April, 1931, from the Pay and Accounts Officer, Bangalore.

Please see the sanctioned Bangalore budget at sl.no.

Account I - Police.

The Commissioner of Police recommends the reduction of Rs.7,000/- out of the allotment of Rs.17,100/- made under 'A.5-Works - Petty Minor Works & Repairs'. He has not recommended any reduction under other sub-heads. A circular letter may perhaps be issued to all officers not to fill up permanent vacancies in several offices under their control.

Account II - Education.

The Inspector of Schools has recommended the reduction of Rs. 35,880/- under "Education".

Please see paragraph 6 & 7 of S.N.44/A in which he states as follows:-

"6. The most serious cut that I have proposed is a 5% cut in the Teaching Grants to all the institutions under my control. The effect of this will be inevitably be that some of the smaller schools will have to close down while the larger schools will have considerable difficulty in carrying on."

"7. I put forward proposals for such severe cuts with the greatest reluctance. If they are to be enforced, the educational facilities of the Station will be considerably diminished while the efficiency of those institutions which continue to work under the restrictions imposed will suffer very seriously. I most strongly urge that the cuts I am forced to propose be not insisted upon".

The

The teaching grants referred to are given below:-

Particulars.	Budget for 1931-32. Rs.	Reduction proposed. Rs.
A.University-Grants-in-Aid to Non-Government Arts Colleges Fixed grant (additional teaching staff).	15,000	- 750
B. Grants-in-Aid to Non-Government Secondary Schools - Grants-in-Aid to secondary schools.	1,25,000	-6000
	Total.	-6750

Submitted for orders as to whether the above reductions may be made or whether the grants left untouched. The other reductions proposed by the Inspector of Schools amounts to Rs. 29,130/- and they may perhaps be accepted.

Account III - Medical & Public Health.

3

The Residency Surgeon, Bangalore, recommends no reduction but suggests that the amount proposed by him under "Menial Staff" and "Diet of Patients" may be retained. The table below shows the amount provided in the budget, the reduction made by the Government of India and the amount available under "Supplies and Services" and "Contingencies".

	Amount proposed for 1931-32.	Reduction made by the Government of India.	Amount sanctioned for 1931-32.
Supplies & Services.			
Cost of Medicines & Instruments.	70,000	-7,000	63,000
Contingencies.			
Bedding & Clothing.	8,300	Nil.	8,300
Menial charges.	26,000	Nil.	26,000
Furniture & Apparatus.	4,000	Nil.	4,000
Office expenses & miscellaneous.	22,600	-5,100	17,500
	60,900	-5,100	55,800

From the above it is clear that the Government of India have made a reduction of Rs.7,000/- under "Supplies & Services" and Rs.5,100/- under "Contingencie The Residency Surgeon will be asked to limit his

his expenditure to the amount sanctioned by the Government of India.

Under "Account III-Medical and Public Health - A. 5 Works" a lump sum of Rs.27,000/- has been provided for Hospital repairs & minor Works. If approved a sum of Rs.12,000/- may perhaps be surrendered to the Government of India out of this allotment.

Account IV - Other Expenditure Heads.

4. The Collector proposes to reduce his Discretionary grant from Rs.1,500/- to Rs.1,000/- per annum. This may perhaps be accepted. He also proposes to remove the telephone connection to his office. This may perhaps be accepted.

Draft letter to the Government of India together with a statement is submitted for approval.

Para 3 of notes. Proposals of R.S.

R.S's letter speaks for itself.He wants the 10 per cent cut under Supplies and Contingencies to be restored but this~~xc~~ cannot be done as G.of I. have already made this reduction. We could however meet R.S's wishes by re-appropriation at a later date from the heading petty minor works A.5. which comes to 27,000 and would leave only some 15,000 for this head. In view of this I feel that we should not make any reduction in our Medical budget.

Para (4) (31) of notes.Collector's proposals for cut of 700 may be accepted.

The Income Tax Officer's proposal to cut 900 may also be recommended.

Nothing can be cut from the District and Sessions Court as as out of the total of 47,000 the sum of 42,400 is for pay of officers and establishment .

Sir,

Subject:- Retrenchment.

8-N-33 (B) With reference to your letter No.2820/214-1929 dated 17th April 1931, I have the honour to state that I have carefully examined the various detailed heads of the Police Budget under my control and find that I am unable to propose reductions under any of the heads with the possible exception of A 5-works-wherein a sum of Rs.7810/- has been provided for minor works and another sum of Rs.8800/- on account of repairs i.e., in all Rs.16,610. Out of this sum, some provisions will have to be made for expenditure by way of urgent repairs to existing Government buildings with a view to avoid deterioration thereof, but petty construction and repairs which are not imperatively urgent can be postponed affecting a reduction of about Rs.7,000.

2. In this connection, as the Government of India in kind reducing Travelling Allowances as indicated in their memorandum communicated with your endorsement No.2705/295-1920 dated 14-4-31, some savings under Travelling Allowances will result.

3. Moreover, the Government of India have intimated in their memorandum No.F 30-A/31 dated 24-3-31 that they have cut off 10 per cent under "Supplies and Services" and contingencies - vide your No.2798/214/29 dated 17th April 1931. They have also cut 12½ per cent in Conveyance Allowances - vide No.F.8 (7) R I/31 Government of India Finance Department dated 27th February 1931.

4.

4. Though my experience is short in this Station, I have carefully scrutinised all branches of work in this Department and am of the considered opinion that no reduction in the strength of the Force is possible at present as I find that the Department is nowhere over-manned.

I have the honour to be,

SIR,

2.N.33 (B) With reference to your No.2820/214-29, dated 17.4.31, I have the honour to submit my proposals for imposing a cut of 10% from the budget estimates for 1931-32 with the following remarks.

2. I have proposed a total cut of Rs. 39,180. The Budget total is Rs. 4,62,980 from which I have deducted the large Building grants amounting to some Rs. 63,000 which are inevitable and cannot be cut. The sum I propose to be cut is roughly 10% of the remaining Budget estimates. The proposals for curtailing expenditure on the Five Year Programme under the head Grant-in-aid to Local Bodies are in accordance with the amount reported by the Hon'ble the Resident to the Government of India to be surrendered in his Telegram No.1063/ dated 12.2.31.

3. A cut of Rs. 3000/- only is proposed under the head " B. Secondary- grant-in-aid to non-Government Secondary Schools-Building and Furniture grants" as it includes a sum of Rs. 47,000/- for the new Kamala Bai Hirls' High school to be opened this year, a sum of Rs. 9,400/-for a hostel to the St. Joseph's Indian High school and a sum of Rs. 7000/- to be paid to the St. Patrick's school and Orphanage as a third and final instalment. All these items are inevitable -

commitments and cannot be cut. By the cut now proposed the amount available for sanctioning grants to the 15 Secondary schools in the station is reduced to Rs. 9000/-. The amount sanctioned for ~~Boarding~~ Building and Furniture grants to Secondary schools during the past three years being Rs. 19,000/- exclusive of grants sanctioned for specific purposes e.g. Baldwin Boys' High school grant, the amount now proposed will be inadequate.

4. D. Grant-in-Aid to Primary schools-Building and Furniture grants to Primary schools:- I have proposed a cut of Rs. 4000/-under this head. Out of the sum of Rs. 7000/- available Rs. 5000/- is intended for the Q.V.O. Madras Sappers and Miners schools ~~which~~ and is inevitable leaving a balance of Rs. 2000/- only to be given to the other Primary schools.

5. F. Grant-in-Aid to non-Government Special Schools:- I have proposed the temporary abolition of the St. Euphrasius Training school thereby effecting a saving of(Rs. 3900/-); the model school attached to this school, however, will have to be continued and will be paid grants under rule 22 of the Grant-in-Aid Code for Indian schools and so no cut has been proposed under the head "Grant-in-Aid to Primary Schools". A considerable cut has also been made under "Stipendiary grants".

6. The most serious cut that I have proposed is a 5% cut in the Teaching grants to all the Institutions under my control. The effect of this will be inevitably be that some of the smaller schools will have to close down, while the larger schools will have considerable difficulty in carrying on.

7. I pur forward proposals for such severe cuts with the greatest reluctance . If they are to be enforced, the educational facilities of the station will be considerably diminished while the efficiency of those institutions which continue to work under the restrictions imposed will suffer very seriously. I most strongly urge that the cuts I am forced to propose be not insisted upon.

I have the honour to be,
Sir,
Your most obedient servant,

Inspector of Schools,
Coorg and Bangalore.

Sir,

S.N.33

With reference to your Memorandum No.2820/214-1929, dated the 17th. April 1931, I have the honour to inform you that I do not see any possibility of making a further cut in addition to the 10 per cent already deducted from the medical grant. Every endeavour will, of course be made, to increase the economy in the working of the Bowring & Lady Curzon Hospitals.

But on the other hand, it must be pointed out that the admissions into hospital during last year were in excess of previous years, and the indications are that this increase will be maintained during the current year also. Certain lines have been indicated by me to my Staff along which an endeavour to economize will be made. But we cannot reduce Staff or the standard of diet provision of change of linen, and supply of medicines etc. without gravely interfering with the reputation already gained by these hospitals.

Owing to want of accommodation for patients, we not only use Verandahs and 2 small rooms built to be used as dining rooms for Indians, but we also discharge convalescents as early as possible so as to enable us to promptly admit

serious

serious or deserving cases. We shall of course do our utmost to work to the new conditions.

I therefore request that the amounts already proposed for my Budget for 1931-32 under heads of Menial-Staff and Diet may be maintained as I see no way of reducing these items without grave injury to the conduct of and reputation gained by these hospitals.

I have the honour to be

Sir,

Your most obedient servant

SIR,

Reduction in the expenditure of the Central Government - Proposals for retrenchment - Your No.2820/214-1929 dated 17-4-1921.

Encl. No 1 (Q 1)

I enclose copy of letter No.ITG/3 dated 25-4-1931 from the Income-tax Officer, Bangalore showing a saving of Rs.970/-(non-recurring) in the current year. I recommend his proposal. As the Income-tax work from November to March is not so heavy as earlier in the year, it should be possible to get on without an accountant during that period.

2. The Excise Superintendent, Munsiff Magistrate and the Veterinary Superintendent state that it is not possible to effect any retrenchment in their respective offices, vide enclosed copies of their replies.

3. I suggest that the grant under "Discretionary Grant of Collector" be reduced to Rs.1000/-. This, I think, is an essential sum to meet cases of distress. As a separate telephone has been given to Collector's Chambers, the telephone connection to my office does not appear to be a necessity. The Police Office has a telephone connection in the verandah opposite to their office. Any message intended for my office, may be taken from that phone, as was being done before a separate connection was given to Collector's office. If you accept this, I shall ask

P.T.O.

ask the Telegraph Department to remove the connection immediately.

The above 2 proposals will give a saving of Rs(500+200) = 700/- under recurring charges.

Letter No.I.T.C/3 dated 25th April 1931 from the Income-tax Officer, Civil & Military Station, Bangalore, to the Collector and District Magistrate, Civil and Military Station, Bangalore.

With reference to your Memorandum No.1791-A-31 dated the 24th April 1931, I have the honour to submit the following proposals for retrenchment in expenditure:-

PAY OF ESTABLISHMENT.

(a) The term of office of the present Accountant will expire on 1st November 1931 and he will thereafter revert to his permanent post in the Madras Presidency. His post will be kept vacant till 1st April 1932. His present pay is Rs.180/-. By keeping the post vacant for four months (March 1932 salary will be drawn in April and cannot be taken into account this year) the saving will amount to Rs.720/-

(b) Leave salary. - Rs.50/-.

ALLOWANCES, HONORARIA ETC.

Travelling allowance. - Rs.200/-. The whole of the sanctioned grant will be surrendered.

The total saving that could be effected thus comes to Rs.970/-.

It may be pointed out that these proposals will mean additional work for the Income-tax Officer and his staff, and it may not be possible to work without an Accountant for long. It may also be pointed out that it is not possible to reduce the expenditure further consistent with efficiency and the interests of Government.

Letter No.R.C.R.121/31 dated the 22nd April 1931 from the - Superintendent of Excise, Civil & Military Station, Bangalore, to the Collector, Civil & Military Station, Bangalore.

Subject:- Reduction in the expenditure of the Central Government.

Reference:- Your endorsement No.1791-A-31 dated 21-4-31

--

From the nature of the following various items of expenditure under '6 Excise' in the Excise Department of the Civil and Military Station of Bangalore, it will be seen that it will not be possible to effect any reduction in the total sanctioned grants for 1931-32.

The total items of expenditure are:-

(a) Pay of Superintendent of Excise.
(b) Pay of Establishment
(c) Allowances and Honoraria comprising of
    1. House rent and other allowances (overtime fees)
    2. Travelling allowances and
    3. Rewards to Government servants
(d) Miscellaneous-(Supplies and Services)-
    1. Cost of carriage of liquor
    2. Office expenditure and Miscellaneous.
    3. Rewards to outsiders.
(e) Proportionate cost of Distillery and joint establishment.
(f) Cost of opium supplied to M.A.T.
(g) Cost of ganja purchased from Mysore Government.
(h) Cost price of arrack, D.D. Rum etc.

Items (a) and (b) relate to salaries and are a fixed charge.

(c) <u>House rent and other allowances</u>. Over-time fees are collected in the first instance from licensees and credited to government under 'Fines, confiscations and miscellaneous' and repaid to the Sub-Inspector who has done overtime work by drawing the same amount under 'Allowances and Honoraria- House rent and other allowances'.

<u>Travelling allowance</u> - The three Sub-Inspectors are granted a conveyance allowance of Rs.5/- each per mensem and this represents the actual expenditure under this head. Except for occasional expenses incurred when a Sub-Inspector is transferred and another deputed touring in this Station in his place, no other expenditure is incurred. As there is no possibility of a further reduction under this item.

<u>Rewards to Government servants</u>. Rewards are granted to government servants who are responsible for the detection and successful prosecution of crime and it is not expedient to exercise more than ordinary prudence in ~~the~~ controlling this head, as otherwise the

the nature of crime detected would fall in quantity and quality. Except for substantive imprisonment, rewards are invariably granted within the amount of the fine realised.

(d).1. Supplies and Services-Cost of carriage of liquor-

The payment to the contractor for transporting arrack from the Central Distillery, Bangalore City to the Government Excise Warehouse, Civil & Military Station of Bangalore is debited to this head and is a fluctuating item based on the quantity transported from time to time as required for consumption on which a greater revenue as duty etc., is realised.

Office expenditure and Miscellaneous:- The main charges under this head are more or less fixed such as 'Dhoby allowances' Clothing charges, Typewriter cleaning charges, charges for the advertisement of auction sale notices in local dailies etc.

Rewards to outsiders like rewards to Government servants are granted to those who help in detection or in furnishing information and a reduction will result in the deterioration of the quality of cases booked, Even here, rewards are granted within the amount of fine realised, except in cases where substantive imprisonment is awarded.

(e) Proportionate cost of distillery and joint establishment:

An item paid to the Mysore Government annually, based on their statement of charges.

(f) Cost of Opium supplied to M.A.T. This amount is incurred on the opium purchased for consumption in the Station and the revenue realised on sales far exceeds the cost of purchase.

(G & H) Cost of ganja purchased from Mysore Government & Cost price of arrack, D.D. Rum etc.

These items have actually no bearing from a revenue standpoint, as the expenditure incurred is realised on sales.

With reference to your No.1791-A-31, dated the 21st instant, I have the honour to state as follows:-

Memorandum No.F.30-A/31 dated 24-3-1931 from the Government of India, Foreign and Political Department forwarded with your Ref. No.1763-A-31 has effected a cut of ten per cent in the provision for 1931-32 under the sub-head "Supplies and Services and Contingencies". I, therefore, take it that the latter under reply has reference to the possibility of a cut being effected in the establishment charges. On this point I have the honour to submit that far from its being possible to effect a retrenchment in this respect an imperative need exists for increasing the staff as submitted in my letter No.1650-A-30 dated 18th September 1930. I, therefore, very much regret that it is not possible to effect any retrenchment in the expenditure of this office.

----:0:----

Reference No.1791-A-31 dated the 21st April 1931.

The budget of the hospital consists of:-

(1)	Establishment charges	Rs.4,930
(2)	Supplies and Services	4,000
(3)	Contingencies	2,000

Establishment Charges: The budget is based on the existin sanctioned strength of the hospital namely (1) The Veterinary Superintendent, (2) Veterinary Assistant, (3) Clerk, (4) one Compounder and (5) one peon. The necessity for this establish ment has been fully considered and accepted as a result of the Inspection and report made by the Director of Veterinary Services Madras and no reduction can possibly be contemplated without detriment to the efficient working of the hospital.

Supplies and Services: The charges consist of:-

(a) Diet of patients, (b) cost of Medicines and Instruments (c) Hospital Necessaries, (d) maintenance charges of breedin bull and (e) Contingencies.

As regards (a) Diet of patients, a provision of Rs.4000/- has been proposed by me. The accepted tender rates for 1931-32 when compared for 1931-32, would give a savings of roughly 10 per cent and it may be possible to effect this.

(b) Cost of Medicines and Instruments: The major portio of the charges represent the cost of medicines and instrument supplied by the Medical Stores and it is not possible to ant cipate what the Medical Stores will charge for the supplies every efforts will, to reduce the expenditure, be made in th matter of local purchases.

(c) Hospital Necessaries:- Strict economy will be obse and purchase of furniture etc., will be defered as far as possible.

(d) Maintenance charges of the Breeding Bull:- The feed charges of the animal is roughly Rs.720/-. Some savings may expected as a result of a lower tender rates but this may be counter-balanced by increased feeds to be given to the bull a

account of

P.T.O.

on account of the growing age.

(e) Contingencies:- This is made up of (1) Pay of Menials, (2) Electric Charges, (3) Conservancy charges (4) Unfiltered water charges (5) Washerman charges and miscellaneous. The menials are being overworked as they are also doing the duties of night watchman in addition to the day duties by turns. No reduction is possible under these heads, as only absolute minimum requirements have been provided for.

Supplies and Services: The charges consist of:-
(a) Diet of patients, (b) cost of Medicines and Instruments, (c) Hospital Necessaries, (d) maintenance charges of breeding bull and (e) Contingencies.
As regards (a) Diet of patients, a provision of Rs.4000/- has been proposed by me. The accepted tender rates for 1931-32 when compared for 1931-32, would give a savings of roughly 10 per cent and it may be possible to effect this.

(b) Cost of Medicines and Instruments: The major portion of the charges represent the cost of medicines and instruments supplied by the Medical Stores and it is not possible to anticipate what the Medical Stores will charge for the supplies but every efforts will, to reduce the expenditure, be made in the matter of local purchases.

(c) Hospital Necessaries:- Strict economy will be observed and purchase of furniture etc., will be defered as far as possible.

(d) Maintenance charges of the Breeding Bull:- The feeding charges of the animal is roughly Rs.720/-. Some savings may be expected as a result of a lower tender rates but this may be counter-balanced by increased feeds to be given to the bull on

on account of the growing age.

(e) Contingencies:- This is made up of (1) Pay of Menials, (2) Electric Charges, (3) Conservancy charges (4) Unfiltered water charges (5) Washerman charges and miscellaneous. The menials are being overworked as they are also doing the duties of night watchman in addition to the day duties by turns. No reduction is possible under these heads, as only absolute minimum requirements have been provided for.

I have the honour to state that both the District-Court and the local Sub-Registrar's office are already undermanned and that it does not seem to be possible to effect any retrenchment in these offices without impairing their efficiency.

In this connection, I would respectfully invite a reference to the alternative proposal made by me in paragraph 4 of my unofficial note to you No. 3680 dated 24-9-1928, which, if accepted by the Hon'ble the Resident, would result in a saving of about Rs 1100/- per annum.

Papers are with the Head clerk

I have the honour to be,

Sir,

Your most obedient servant,

District and Sessions Judge.
